How to enter

Eligibility

ALL MARKETING ACTIVITY THAT RAN IN FINLAND AT ANY POINT BETWEEN JULY 1, 2025, AND AUGUST 31, 2026* IS ELIGIBLE TO ENTER.

Any and all marketing cases, from any discipline, whether full campaigns or specific activities within a campaign, can enter. Data and creative work presented must be specific to Finland. Test efforts are not eligible.

The creative work and the written text of the entry must be the original work of the credited companies and authors.

One or any multiple combination of mediums may be submitted; any work that demonstrates how the objectives were achieved. Detail the “why” behind the strategy and provide proof that the work achieved significant results.

Your work must have run during the eligibility period. Elements of the work may have been introduced earlier and continued after, but the marketing activity you submit within your entry must have taken place *during* the qualifying time period.

Results that illustrate the effectiveness of your case can fall outside of the eligibility period, but must be tied directly to the marketing activity you have entered.

It is important to include context, data and results prior to the eligibility period. This enables judges to better understand the significance of your objectives and results. Keep in mind that not all judges are knowledgeable of the nuances of your brand’s industry.

A single effort cannot be submitted by different organizations in the same category. Teams must collaborate on a single entry. However, different organizations may take the lead on entering the work in different categories.

Effie reserves the right to re-categorize entries, split/redefine categories, and/or refuse entry at any time. Review category definitions and re-entry requirements for additional guidelines.

Ensure that you have the required licenses, consents and rights to enter. Review the Effie Awards Authorization Form which contains the Competition Terms in the Entry Portal for further details.

*The **Sustained Success and Performance Marketing categories** have separate entry forms. You’ll find more information in the **category definition**.

REVIEWED BY JUDGES	OTHER REQUIREMENTS
• Written entry form • Creative examples (reel, images)	• Case background • Company & individual credits • Publicity materials • Authorization & verification form

Categories

Category limits

Cases can be entered in **up to four categories (max)**. Of those four categories, only **one category submission can be an industry category**. Additionally, Commerce & Shopper has a limit of two categories and Topical & Annual Events has a limit of one category per entry. You are not required to enter an Industry category or a Commerce & Shopper category – you may enter four speciality categories instead.

Each entry should be customized to speak to the specifics of each entered category.

Multiple Category Submissions:

The entry portal allows you to submit your work to multiple categories. Standard details (like credits) can be replicated across entries, while answers to category-specific questions can be customized.

When starting a new entry, browse the category list and click **“Add to Entry”** next to each desired category. You can also add more categories later by scrolling to the top of the entry form and clicking **“Add to More Categories.”**

You can also add additional categories after you start an entry - scroll up to the top and click the "add to more categories" button. You will need to adapt the entry form based on the category definition and pay the entry fee for each category entered.

By default, your answers will carry over to all selected categories. Use the **Multi-Category “Show/Hide”** button in the portal to choose which categories should receive customized answers, allowing you to tailor your case to the specific category requirements.

The Effie Awards reserves the right to re-categorize entries, split/redefine categories and/or refuse entry at any time.

Industry categories

There is a representative list of industry categories to choose from. Category definitions provide guidance regarding the types of products/services that may enter that category; however, it is not an exclusive list.

Specialty categories

The Specialty Categories are designed to address a specific business situation or challenge. See below for the full list of specialty categories, which include category groups for precision marketing, brand content & experiential marketing, business achievement, commerce & shopper marketing, digital, health & wellness, media, marketing innovation, positive change and topical & annual events.

When entering into any of these categories, you should present your entry in a way that addresses the situation or challenge as outlined in the category definition. It is critical to thoroughly review the category definitions to ensure your effort meets the criteria. Judges will down score your entry if you are missing required information.

How to complete the entry form

Entry Form Overview

The written Entry Form has three sections:

1. Entry details and Executive Summary to set the stage of your entry.
2. Full written case. This is where you tell your marketing story from beginning to end across the four pillars of Effie's framework, listed below. It is important to have a coherent storytelling through the entire entry.

Section 1: Challenge, Context & Objectives (23.3% of score)

Section 2: Insights & Strategy (23.3% of score)

Section 3: Bringing the Strategy & Idea to Life (23.3 % of score)

Section 4: Results (30% of score)

3. Investment overview (an outline of what you spent and where, i.e. topline budgets for development/production and activation/media)

The next few pages give an overview of each of the four pillars of Effie's marketing effectiveness framework, to explain what's required for each section.

1. Challenge, Context and Objectives

This section lays the foundation of your case and accounts for 23.3% of your score. If this section is weak, your entry will suffer, because it's key to understanding how big your idea was and how impressive the results were. Judges evaluate whether they have the necessary context about your industry category, competitors, and brand to understand your entry and the degree of challenge represented by your objectives. They will assess the case for both suitability and ambition within the framework of the challenge. Weight will be given to the degree of difficulty and whether the entrant has provided the context to evaluate the case's effectiveness in this section.

Reminder: Judges might not be familiar with your brand's industry, so try to avoid jargon or acronyms.

QUESTION 1A

The context to your brand and business situation. This could include main competitor spend, position in market, category benchmarks, etc. Explain the characteristics or trends in the market (e.g. government regulations, societal trends, weather/environmental situations). Frame what success looks like in your category.

QUESTION 1B

Judges look for clear objectives that are not retrofitted to match the results of the case. We ask you to outline your objectives across the following 3 types:

- **Business:** This should be the one key thing that you wanted to achieve. The ultimate commercial objective that was being discussed in the boardroom. State it as clearly and simply as possible.
- **Marketing:** These objectives should directly link to the customer or target audience in some way and are typically focused on specific behavior changes you want to achieve. Examples may include starting a new behavior, increasing an existing behavior, reducing an existing behavior, stopping a behavior entirely etc. You can have up to 3 of these objectives - only 1 is required.
- **Campaign/Activity:** What did you set out to change or reinforce through your activity? For example, attitudes, perception, social discourse etc. You can have up to 3 of these objectives - only 1 is required.

CATEGORY-SPECIFIC GUIDANCE

- **Commerce & Shopper Cases:** Include Category/Retailer Growth objectives if applicable.
- **Performance Marketing Cases:** You may provide both Pre-Conversion objectives and Conversion metrics. You must provide at least one conversion objective. Please see the [Objectives Guide](#) for examples of Pre-Conversion and Conversion metrics along the customer journey. Present the performance marketing goals and explain how these goals relate back to the overall brand or organization's strategy and objectives.
- **Sustained Success Cases:** It's important to include change over time for both questions.

2. Insights & Strategy

This section asks you to explain the strategic thinking that enabled you to pivot from the challenge to your results. It counts for 23.3% of your total score.

QUESTION 2A

Explain who the target audience is and why they were the right for your brand, bearing in mind your context, challenge and objectives. Outline if your audience was existing, or new, or both. Describe them using demographics, culture, media behaviors, etc.

- **Commerce & Shopper Cases:** Be sure to highlight the shopper's motivations, mindset, behaviors, and shopper occasion.

QUESTION 2B

Outline your key insight(s) and how your audience's behaviors and attitudes, your research and/or business situation led to or informed them. Your insight(s) may be a consumer, channel or marketplace insight etc. Keep in mind, an insight is not merely a fact or observation, it is the strategic insight, unique to your brand and audience, that was leveraged to help meet your objectives.

Performance marketing cases: Your answer should include the data and audience insights that led to your strategy and idea and can include one or more of the following:

- Any non-data insights (e.g. behavior observation, market research) that complemented your data insights.
- Any data analysis that provided the breakthrough in shaping your strategy.
- New ways of identifying your audience and their search and purchase behavior.
- Any marketing channel insights that was the foundation of your marketing spend channel mix.

QUESTION 2C

The judges are looking to you to describe the core idea or shift you made that drove your effort and led to the breakthrough results. What was at the very heart of the success of this case? Please show how your thinking related back to your insight and audience.

- **Performance Marketing Cases:** In addition to the above, your answer should bring to life your initial strategy and idea on how to target and convert your audience.
Note: In Section 3 (Bringing the Strategy & Idea to Life), you can describe how you optimized or changed your strategy based on real-time performance.
- **Sustained Success Cases:** It's important to include change over time.

3. Bringing the Strategy & Idea to life

Judges are looking for a summary of the key elements of your plan, including your creative work and channel strategy. It's important to help them understand how your plan relates back to your strategy and audience, and how the core components worked together to drive results. This section will be scored based on your answers, the information in the Investment Overview, and the assets you showcase in the creative reel and images. Together they account for 23% of the total score.

Judges review the written case before they view the creative work.

QUESTION 3A

Articulate how you activated your strategy. This may include one or more of the following: communications, brand experience, packaging, a product extension, a retail space (in store or stand-alone), a promotion, sponsorship or partnership, CRM program, search engine marketing, display advertising, affiliate marketing, etc.

QUESTION 3B

Outline the key creative building blocks of the executions for your main marketing vehicles e.g. endline, call-to-actions, format choices, SEM copy, display ads, email copy and visuals, short or long videos etc. If relevant, include any important changes that optimized the creative while the activity was running.

QUESTION 3C

Your channel plan, with clear rationale behind the choice you've made. Judges are looking to understand why you chose specific channels and how they relate to your strategy and audience. Explain how the integral elements worked together to drive results. If relevant, explain how you changed your spend across channels as part of your campaign optimization.

KEY VISUAL

You have the option to upload a single image to accompany your explanation, to show how you brought your strategy and idea to life. It may be a media plan, a marketing mix visual, a flowchart, a calendar, a storyboard, etc.

4. Results

Tie together the story of how your work drove the results. This section is key for a winning entry and accounts for 30% of the overall score. Judges are looking for direct correlations between the objectives and the results of a case.

QUESTION 4A

Results must relate to your objectives and KPIs as outlined in Section 1.

- Explain how the results impacted brand and the brand's business. Why were these metrics/results important to the brand?
- Prove the results are significant using category, competitive and brand context. You should do this by providing context with historical data, industry benchmarks, competitors, etc so that judges can contextualise results. You must include a clear time period for all data shown.
- When providing engagement/social metrics in particular, detail what these meant for the brand and business/organization.
- If you achieved additional results, explain what they were and why they are significant.
- When key metrics are withheld without explanation, judges may assume it is because the results were weak.

QUESTION 4B

Marketing rarely works in isolation. Outside of your effort, what else in the marketplace could have affected the results of this case – positive or negative?

- It is important to make a compelling argument around why marketing led to the results achieved, eliminating or attributing other factors such as weather, business events, etc. that could have contributed to your success.
- When this section is not addressed thoroughly, judges may assume attribution to other factors.

How to craft your entry within guidelines

The Entry: Requirements

The following could result in disqualification and loss of entry fees:

Failing to adhere to the competition and eligibility rules. The creative work and the written text of the entry must be the original work of the credited companies and authors, and the entry must meet the competition requirements. Data presented must be isolated to Finland and work must have run at some point between 6/1/25 and 8/31/26. Results prior to the eligibility time period that help to provide context for judges to assess the significance of results achieved within the eligibility time period are fine to submit. Results that fall after the end of the eligibility period are directly tied to the work that ran in the eligibility timing are also fine to submit. No work after the cut-off to the eligibility period should be submitted.

Entry does not meet category definition requirements. Entries are judged based on their effectiveness within the entered category.

Agency names/logos included in the entry form or in the creative materials. Effie is an agency-blind competition; no agency names should be included in the materials that judges will review (entry form, investment overview, creative reel, creative images). Do not include any agency names in your sources – this includes agency names other than your own. The source of data should be referenced as “Agency Research,” “PR Agency Research,” “Media Agency Research,” etc. **Note:** It is fine for agency name to appear in an entry in situations where the agency is the brand for the entered case, or the agency name appears in the creative work that ran publicly.

Data not sourced. All data, claims, facts, etc. presented anywhere in the entry form must reference a specific, verifiable source. Sources must be as specific as possible in documenting all evidence, while not citing specific agency names. Provide source of data, type of research, and the time period covered. The entry portal is set up to encourage sourcing via footnotes. Refer to the following “sourcing data” page for more information.

Directing Judges to External Websites. Entries are judged solely on the materials presented in the written entry and the creative examples supplied (creative reel + images). Entrants aren’t permitted to direct judges to websites for further information or for further examples of work. Ensure all data, details for sources, etc., are included in the written case.

Missing Translation. All non-English creative work must include translation via subtitles or the Translation field on the Creative Examples tab on the Entry Portal.

Violating Creative Example (creative reel + images) Rules. Entrants must follow all creative rules as outlined in the entry kit. This includes but is not limited to: no competitor logos/creative work, the integral creative work must be shown and time limits must be followed. See full rules, including guidelines on editing and content, in the [Creative Requirements](#) section of the entry kit.

The Entry: Sourcing Data

All data, claims, facts, etc. included anywhere in the entry form should include a specific, verifiable source, including dates. Entries that do not source data will be disqualified.

The entry form has a SOURCING box provided at the bottom of each scoring section for all references/footnotes. This allows entrants to provide full sourcing details without word limit restrictions. Here's what you need to do:

1. At the end of a sentence which includes a source, use the SUPERScript feature to number your sources.
2. In the Sourcing box, numerically list your citations. **Sourcing layout: Source of Data/Research, Research/Data Type, Dates Covered.**

Judges cannot click on external websites when reviewing your entry. Be sure to include all key sourcing details like publication, article name, dates, time period covered and additional details that will help judges to understand it is a legitimate source and to verify the data. Include the website of the source when available, in addition to all the details listed above. However, the URL is not a substitute for providing the additional details.

ADDITIONAL GUIDANCE

- Because of Effie's specific eligibility period, entrants are required to include the dates covered for all results data presented.
- All data must be included in your response to Sections 1-4 and Investment Overview. The sourcing sections should only be used to provide detailed citation for footnoted sources, not to present new data.
- Use the specific name of the company to reference a source except when the source is an agency (advertising, media or other). Because Effie is an agency-blind competition we require agency research to be referenced via the term "Agency Research." This applies to all agencies and is not limited to the entering agency. For increased specificity, entrants are encouraged to list the type of agency when applicable, e.g. "PR Agency Research", "Media Agency Data", etc. As with all other sourcing, include any relevant citation information (type of research/data, dates covered, etc.). Research companies should be cited by name, and judges encourage third-party data when available.
- Effie reserves the right to check all sources provided for accuracy.

The Entry: Creative Reel

Your creative work is scored as part of Scoring Section 3: *Bringing the Strategy & Idea to Life, along with your answers to the questions in Section 3 and in the Investment Overview sections of the written Entry Form.*

The focus of the reel should be the creative work for the entered case. You don't need to feature all of the items selected in the touchpoints checklist (from the Investment Overview), only those integral to the case's success that are explained in your written case. Any set-up on the reel (re: context, challenge) should not impede the judges' ability to have a clear understanding of the creative work as the audience would have experienced it.

Judges recommend that, at minimum, 70% of the reel is spent showing examples of creative work the audience experienced, or other materials created to bring the idea to life internally or externally. **Judges review the creative reel after reading the written case.**

New in 2026: Entrants now have the option to include results in the creative reel. This update offers the opportunity for richer, more comprehensive storytelling, showcasing all forms of marketing effectiveness.

- **Updated description and guidance:** Provide a three (3) minute maximum reel (4 minutes for Sustained Success). The reel should show your integral creative work as the audience would have experienced it. You can provide explanation, including results, as long as it does not take time away from showing the work. Explanation and results are not required, and **any results must also be in the written case.** Do not include any confidential information in the creative reel, as it will be shown publicly if your case is an Effie finalist and winner, and edits cannot be made after submission.

MUST INCLUDE	DO NOT INCLUDE
• The original creative work for the entered case that ran in the territory and eligibility time period for the competition. • At least one complete example of each integral touchpoint, as it ran, to ensure that the judges can see the breadth of the work you've described. It can be helpful to label each creative example by media type ("Outdoor", "Social", etc.) • Work over 60 seconds may be edited down for time; but entrants are encouraged to keep as close to the original as possible. • If showing multiple examples of a touchpoint (e.g. 3x TV spots), after you show one example in full, it's fine to edit down the additional examples for time.	• Agency names, logos, images unless they were part of the creative work. • Competitor creative work or logos. (Exception: permitted if competitor logos/work were included in your campaign materials.) • Editing that will misconstrue what your audience viewed (e.g. changing the audio during a TV spot). • Any confidential information, as creative reels will become public for finalists & winners.

SPECS	TALENT / LICENSING
• 1 creative reel per entry • 3 minute maximum (Sustained Success entries can be 4 minutes) • 250 MB maximum file size • mp4 format • High Resolution: 16:9 at 1920x1080. • Do not include any agency names/logos in the video or in the file name. • It is helpful to label each creative example by media type ("Outdoor", "Social", etc.) • Sustained Success: Creative examples from three or more years are required, with labelling of the year/time period on the creative reel and images.	• Do not add music/stock images that did not run in your original creative work to your reel unless you secure the rights to include those supplemental materials and they do not cause confusion with or take time away from showing the integral creative work. • Effie honors effective marketing ideas and the successful teams (advertiser and agency) creating them. If your case is a finalist or winner, the creative work (reel and images) will be published.

The Entry: Creative Images

Images of the Creative Work: at least 2 images are required; a maximum of 6 images are allowed.

When the judges have read your case and watched the reel, they'll review images of your work. The images uploaded should complement your reel and help the judges better evaluate the image-based creative elements that ran in front of your audience. It can be helpful to provide images of work best seen as a still image (e.g. website, print ad, direct mail piece, etc.) or you may wish to upload work that you'd like judges to have another look at after watching the reel.

This is an opportunity to showcase your creative work:

- Highlight elements that are better seen as a still image vs. video format.
- Draw further attention to key element you wish to highlight

Technical Requirements:

- .jpg format
- High-res. 15 MB max
- It is helpful to label each creative example by media type ("Outdoor", "Social", etc.)
- Do not include agency names or logos on any creative materials (including file names) you submit unless they were included in the work that ran.
- **Sustained Success:** Indicate time period the work ran as part of the labeling.

Creative work (reel and images) will be shown publicly if your case is a finalist or winner.

Other Requirements: Publicity

Entrants are required to provide the publicity materials below at the time of entry.

Think carefully about your partners – clients; agencies (full service, media, digital, promo, PR, event, etc.), media owners; retailers; etc.

Client and Lead Agency credits are considered final at time of entry and cannot be added after the entry is submitted. Credits must be reviewed by senior account leadership and approved via the Authorization & Verification Form, which can be downloaded in the entry portal after you have input all credits.

- It is the responsibility of the entrant to confirm and accurately submit all agency office names, networks, holding companies, brand names, and client names. If the Effie team uncovers an inconsistency, Effie has the right to amend the credits. The decisions of Effie in all matters relating to the competition shall be final and binding.

Entries that are not finalists in the Competition may choose to have their entry materials published. Unless an Entrant has granted Effie permission to use their non-finalist entry materials, these will be used in aggregate form only.

☐_If you are interested in having your entry materials published, regardless of whether or not you are a Competition finalist or winner, please select this option when entering.

The written case is the only portion of the entry that should contain confidential information. For that reason, the written case is the only portion of the entry that is included in the above publication permission policy.

CREATIVE WORK & PUBLICITY MATERIAL - SUMMARY

By submitting your entry, you are agreeing for your entry materials to be used as detailed in the Effie Awards Authorization Form. You must ensure you have all rights and consent to enable your entry material to be used as set out therein, including (but not limited to):

- submitting the entry materials to a jury for judging;
- having the entry materials included in a data set for Effie research purposes that do not breach any confidentiality obligations we may owe you; and
- the use, publication and screening of Winner and Finalist materials by Effie, its affiliates, partners and authorized third parties.

Unless you are a winner or a finalist, **or you have elected to grant us further publication or use rights**, your entry materials will be used in aggregate form only.

Where you are a Competition winner or finalist, or you are not but you have elected to grant us these rights, your materials (which means: your creative work; a public summary; a public statement of effectiveness, the back-end data provided with the case, and a written case approved for publication by you in line with your publishing permissions) may be published and/or used by us, our partners, affiliates or other organizations associated with, or authorized, by us. This includes but is not limited to: (a) publishing such materials in Effie's Case Library and upon other partner websites and/or publications; (b) using such materials to promote the Competition; (c) analyzing the materials to create reports or commentaries on particular types or categories or entries; and (d) displaying materials at public or private presentations. We will respect your chosen publication preferences for your written case. Your materials should not contain any confidential information as they may be used however we deem fit. Review the **Effie Awards Authorization Form**, which includes our Competition Terms, in the [Entry Portal](#) for full details.

Please review the Creative Reel section of the Entry Kit for more guidance on licensing/talent. The creative work and publicity materials will be published if your case is a finalist or winner.

In extraordinary circumstances, Effie will review requests to submit an edited reel for publication. Such requests should be submitted if the case becomes a finalist, as non-finalist creative reels are only seen by judges and will not be published.

ADDITIONAL INFORMATION

JUDGING

Judging events have strict confidentiality protocols and are securely supervised by Effie moderators. Judges are required to sign confidentiality agreements before judging begins. Judges cannot save materials from the judging session and are individually matched with entries and categories that do not pose a conflict of interest.

INDEXING DATA

While judging is confidential and entrants may select publication permission for their written case, Effie understands some entrants may still have concerns regarding sensitive information. When presenting numerical data within the entry, entrants may choose to provide those numbers as percentages or indexes, so that actual numbers are withheld. As with all data points, be sure to include context, so the judges understand the significance of the data. Additionally, entrants have the option to select whether to publish their original written case or an edited version of the written case if the case is a finalist or winner.

Judging

Your entry will be judged by some of the brightest and most experienced business leaders in Finland. We draw on their experience to not only judge the work of their peers but to highlight learning for the industry overall.

Entries are judged in two rounds. In both rounds, judges evaluate the written case first and then review the creative work (reel and images). Scoring is done anonymously and confidentially. Judges provide written feedback on each case for the entry's Insight Guide.

The Insight Guide is a useful tool that includes direct feedback and advice from judges who reviewed your entry, providing more detailed understanding of your entry's scoring. Insight Guides can be purchased within the entry platform at time of submission or after submission. Please refer to the Deadlines & Fees section of this entry kit for additional information.

Judges are specifically matched with cases that do not prove a conflict of interest. For this reason, it is critical that entrants provide market and category context to give judges a clear understanding of the category situation and explain the KPIs provided in the context of the category. In all rounds of judging, judges provide scores across the four pillars of the Effie Framework:

The judges' scores determine which entries will be finalists and which finalists are awarded a Gold, Silver, or Bronze Effie trophy. Each level has minimum scores required to be eligible for finalist status or for an award, therefore it is possible that a category may produce one or multiple winners of any level or perhaps no winners at all – no matter the number of finalists.

The highest-scoring Gold Effie winners are eligible for the Grand Effie Award, the award for the single best case entered in a given year. As the Grand Jury expresses their collective opinion, the winning case represents both the most effective case of the year and a message that will be sent to the industry about lessons for the way forward. Only a select number of the highest-scoring Gold winning cases are considered contenders for the Grand Effie award.

If you win

WINNING AN EFFIE

Winning an Effie Award means your work stands out as one of the most effective and impactful marketing efforts, combining insightful strategy, creative brilliance, and proven market results. As the competition continues to grow, winning has never been more challenging or rewarding.

The 2026 Effie Awards Finland Gala will be held in February 2027.

TROPHY

A complimentary trophy is provided to each winning lead agency and client company. The client and lead agency is the default engraving setting for all trophies, unless co-lead agencies or co-clients are designated, in which case both lead agencies/clients would appear on the trophy.

EFFIE INDEX

The Effie Index (effieindex.com), identifies and ranks the most effective agencies, marketers, brands, networks, and holding companies by analyzing finalist and winner data from Effie Awards competitions around the world. Announced annually, it is the most comprehensive global ranking of marketing effectiveness.

If your case becomes a 2026 Effie finalist or winner, the submitted credits will be used to tally the Effie Index results. Because different point values are given to lead and contributing companies, it is critical that all brands and companies are properly credited at time of entry.

We request that all entrants communicate with their own corporate/communications office and the offices of their credited partner companies and/or PR departments to ensure all client and agency company names are credited correctly. This information should be communicated to contributing companies as well.

AGENCY RANKINGS

Agency office rankings are compiled using the Agency Name, city and state, as listed on the Company & Individual Credits Tab in the entry portal. Whether or not the city/state is included in the "Agency Name" field, the Index rankings will be based off the location of the office using the city/state fields. Effie encourages consistency year-to-year. Crediting of agency office is based on which agency office(s) did the work for the winner or finalist case. If two agency offices did the work, both should be credited per the Index requirement to credit all strategic and creative partners.

Be sure to guide all teams entering in the competition within your office to list the company name in a consistent manner – this includes consistent capitalization, spacing, punctuation, abbreviations, etc. This will ensure all finalist/winning cases from your office location can easily be tabulated together.

AGENCY NETWORK & HOLDING COMPANY RANKINGS

Agency networks and holding companies are selected in the entry portal.

The way the agency name is entered in the agency field does not affect the Agency Network or Holding Company rankings, though it will be reviewed for accuracy.

Effie has the right to amend the credits for consistency and accuracy. The decisions of Effie in all matters relating to the competition shall be final and binding.
